Will gas development be ugly?

- Tour of Dimock Co Pennsylvania - the heart of current shale gas development - and judge for yourself

L. M. Cathles
Cornell University
Will scenic upstate NY be “industrialized”?

Look at area of Pennsylvania where Marcellus is being developed
A beautiful area
= 30 Dimock/Carter Rd gas wells (by google earth in 5.3 mi² area 113 acres/pad) from Consent Order DEP - Cabot 4/11/09
Not rich
Only no fracking sign we saw (Carter Road)
The intention of the flight was to see what the area affected by drilling looked like from the air. We flew over all the drilling operations in the area covered in the insert map, and the pictures presented here are, I believe, a fair representation of what the area looks like from the air.
... immediately after take off
Montrose
Future hiking trail?
